Attention and Memory Critical Players in the Digital Age

Join PIN to hear Mark Twarogowski and Philippe Ernewein of Denver Academy speak about the effect of the digital age on our children. Has your child ever struggled with paying attention or organization? Then you'll want to join us to hear about scientific breakthroughs that shed new light on memory and attention and provide answers parents can use to better help their kids. At this presentation, you'll hear about:

- The roles attention & memory play in learning
- Signs that your child may need help
- Targeted, proven strategies that can help solve memory and attention problems in children

Parents, school administrators and community members are welcome and encouraged to attend PIN's presentations. No need to RSVP—just come! Presentations are **FREE** and are held the first Tuesday of each month at:

Student Achievement Resource Center (SARC)
14188 E. Briarwood Avenue, Centennial
(South of Arapahoe Rd., between Potomac and Jordan Roads)
